Increasing rumors from Bulgaria state that some form of aggression against Yugoslavia is being planned for the spring. The rumors are based on the following:

- The continuing mobilization of reservists in the Sofia area;
- Government checks to ascertain if all residents have taken compulsory air raid precautions and first aid courses;<sup>1</sup>
- The priority given to air raid siren manufacture in Sofia; and
- The increasing shortage of drugs and other medical preparations which shortage is attributed to their diversion to the army.
